Lenten Thought For Today

Lent is the season in which we review the events of the suffering and death of Jesus as they are recorded in the scriptures. To observe Lent is to re-evaluate our relationship with Jesus Christ and His Cross. If Jesus, throughout His life identified Himself with us. it seems to me that the cross of His experience should not be foreign to us.

The term "cross" has become threadbare from improper use. The fact that it has become thus indicates that we have not experienced the cross which we should be bearing. Let me suggest that the beginning of a cross in the life of a man is the entrance of God into his life. Whenever man is recreated, whenever he is to be remade from what he is to something else, pain and agony are involved. His whole life is in-

MENTAL HOSPITALITY

There are times when no human being is able to give to us the hospitality which we crave. There are times when no one can entertain us, when no one can bring to us peace of mind, making us feel unafraid and comforted against adverse turns.

The mind is a traveler. It is ever on the move. It can visit a dozen or more cities or countries in a single evening. It can sit with philosophers, artists, statesmen, writers and absorb from them the precious substance of growth. It can find in the written word that hospitality which is priceless - silent and secure.

University Cage League Dropped;MACCommittee Will Pick Tourney Team

The Middle Atlantic Conference will crown its last university division basketball champion next

Conference members voted Tuesday night to discontinue the compiling of team standings to determine the division champion and automatic qualifier in the NCAA regional tournament.

The conference's representative in the tournament, beginning with the 1964-65 season, will be picked by a selection committee appoint ed by the MAC president. The action was taken following a period of scheduling difficulties.

No changes were made in the college division basketball structure or in the university division structure in other sports,

In other action, the conference approved a recommendation reducing from seven to five the number of conference opponents that a MAC team must meet in ordr to be eligible for the championship.

The University Division will be an eight-team circuit next sea son. Muhlenberg was given permission by the executive committee Tuesday to drop to the Southern College Division. Approval by mail vote of members of the latter loop is still required before this becomes official.

LAST ACT NEAR IN MINNESOTA **VOTE DISPUTE**

ST. PAUL, Minn. (AP)-A court order declaring Democrat Karl Rolvaag eligible for a certificate of election as Minnesota's governor is to be issued Thursday or Friday by the three-judge panel which supervised the recount of ballots from the Nov. 6 election.

The panel attested a 91-vote lead for Rolvaag Tuesday and turned down a motion by attornevs for Republican Gov. Elmer L. Andersen that the recount findings be thrown out.

The attorneys argued that the recheck of ballots was no more valid than the November tabulation by the State Canvassing Board which had shown Andersen the victor by 142 votes.

PANEL AGREES

Presiding Judge J. H. Sylvestre said there was unanimous agreement by the panel on nearly 4,000 disputed ballots which came before them and said all three jurists adhered to the verdict for Rolvaag.

Only a possible appeal to the Minnesota Supreme Court thus stood between the 49-year-old Democrat and the chair which Andersen, 51, has continued to occupy until, under state law, a successor was ruled "qualified and elected."

"It's a great day and I'm naturally elated," said Rolvaag from the basement quarters in the Capitol, where he has been keeping abreast of governmental operations.

STUDYING APPEAL

Andersen said he will decide whether to appeal after his attorneys study the judges' order.

There could be a delay of several weeks in the final determination if Andersen appeals.

The final recount figures gave Rolvaag 619.842 votes, Andersen 619,751, a margin of seven-thousandths of one per cent for the Democrat.

State law assesses costs of a recount against the ultimate loser. There are moves in the conservative-controlled legislature to have the state pick up the current bill estimated at about \$250,000.
